

# wish LIST 2010

**Family Dinner ~ \$75**

Sitting down to a nice dinner with family and friends isn't an option for most patients. The Nebraska Medical Center's Storz Pavilion offers a restaurant atmosphere for patients and their families to dine. This gift package would cover the cost of dinner for six at Storz Pavilion.

**Fun for All Ages ~ \$100**

Hand-held video games, iPods, crossword puzzles, cards and other board games help to keep patients busy during their stay. These items alleviate some of the monotony they may feel during a long hospital stay. This gift package would make any patient's stay in the hospital over the holiday a little merrier.

**Home Away from Home ~ \$150**

Some patients have to leave their home in another community to receive treatment at The Nebraska Medical Center. The Potter's House is a home away from home option on the medical center's campus. This gift will provide a family with a one-week patient stay at the Potter's House, groceries, a gas card and personal items.

**Well Baby ~ \$175**

Entire families may come to The Nebraska Medical Center to visit a loved one receiving treatment. Some of the most basic items for their child's well-being are needed. This gift package would provide those families with formula, diapers, diaper wipes and a Pack 'n Play® travel system.

**Spa Escape ~ \$200**

Frequently, women are placed on long-term bed rest at the hospital in efforts to maintain their pregnancy until it is safe to deliver a healthy baby. This package provides a manicure, pedicure, massage and spa robe to wear on this special day instead of the normal hospital gown.

**Patient Entertainment ~ \$250**

Patients enjoy passing time in the hospital watching their favorite movies and staying connected with family and friends. This package includes the purchase of a portable DVD player, portable CD player laptop, iPad, iPod, iTunes gift cards, CDs and DVDs.

**Baby Giggles ~ \$300**

Infants benefit from a stimulating and nurturing environment, bringing out precious baby giggles. This gift package includes the purchase of mobiles, music, rattles, reaching toys, swings, bouncy seats, push toys, ExerSaucer®, Jumperoo™ and other fun toys.

**Super Fit and Fun ~ \$450**

Activities such as Nintendo Wii™, Wii Fit™, yoga balls and light hand weights can make the rehabilitation process seem more like fun and less like work.

If your organization is interested in purchasing a gift package this holiday season, please contact The Nebraska Medical Center's Office of Development at 402-552-2029 or e-mail [development@nebraskamed.com](mailto:development@nebraskamed.com).
