

Student Loan Assistance Program Eligible Job Profiles

Effective Date: September 1, 2026

Eligibility Requirement: To be eligible for the Student Loan Assistance Program, colleagues must be actively employed by Nebraska Medicine, be in good standing, and work at least 0.9 FTE in one or more eligible job codes listed below. Colleagues with multiple job codes may qualify if their combined eligible job codes total 0.9 FTE or greater. However, colleagues are not eligible if part of their FTE is in an ineligible job code and their eligible job code(s) alone do not total at least 0.9 FTE. Eligibility may change if a colleague transfers to a non-eligible position or no longer meets the FTE, job code, or good standing requirements. Good standing is defined as having no second or final corrective action within the past six months and a most recent overall performance rating of 1.90 or higher.

Questions? Contact HR Benefits for assistance determining eligibility or understanding how a job change may impact participation in the Student Loan Assistance Program.

Anesthetist

Job Code	Position
30061	Nurse Anesthetist
30143	Lead Nurse Anesthetist

Cardio Tech

Job Code	Position
10439	Sr. Non-Invasive Cardiology Technologist
90307	Invasive Cardiology Technologist
