

CANCER SURVIVORSHIP CONFERENCE

Friday, June 3
8 a.m. to 12:30 p.m.

Join us for this online event as we celebrate those who live with, through and beyond cancer, and those who travel the journey with them.

Meet the Presenters

OPENING KEYNOTE:

Emily Kathol, PharmD, BCOP

A clinical pharmacist in hematology-oncology, Dr. Kathol will open the conference by discussing *Complementary and Integrative Pharmacotherapy for Survivors of Cancer*.

BREAKOUT SESSIONS:

Molly Thomas, AOCNP, ACNP-BC, MSN

Molly, a Nebraska Medicine nurse practitioner specializing in oncology survivorship and cancer risk and prevention, will offer insights into the risk of secondary cancers in adults.

Melissa Acquazzino, MD, MS

Dr. Acquazzino specializes in Pediatric Hematology-Oncology serving patients at Nebraska Medical Center and Children's Hospital & Medical Center. She will examine the risk of secondary cancers in adult survivors of childhood cancer.

Chris Deibert, MD, MPH

Dr. Deibert, an associate professor of Surgery and Urology at University of Nebraska Medical Center and a Nebraska Medicine urologist specializing in men's health and fertility, will discuss sexual health in men after cancer treatment.

CANCER SURVIVORSHIP CONFERENCE

Friday, June 3
8 a.m. to 12:30 p.m.

Sylvia Ziegenbein, MD, MA

Dr. Ziegenbein is a Nebraska Medicine OB-GYN who practices at the Olson Center for Women's Health and Village Pointe Health Center. She will discuss sexual health in women after cancer treatment.

Matthew Garlinghouse, PhD

Dr. Garlinghouse is an assistant professor of Neurological Sciences at University of Nebraska Medical Center, where he assists in the treatment of patients with cancer, epilepsy, dementia and psychiatric disorders. During his fellowship, he focused his research on the effects of cannabis on brain reward circuitry. He will discuss the use of marijuana in cancer treatment.

Laura Tenner, MD, MPH

Dr. Tenner is a medical oncologist with Nebraska Medicine and an associate professor in the Department of Internal Medicine in the University of Nebraska Medical Center Division of Oncology and Hematology. Dr. Tenner has specialized training in ethics in oncology and population sciences research. She will address the topic of financial toxicity among cancer patients.

Steven Wengel, MD

Dr. Wengel is a University of Nebraska Medical Center professor, former chair of the Department of Psychiatry, and a geriatric psychiatrist who practices at the Home Instead Center for Successful Aging. He has a passion for bridging the gap between medical and psychosocial areas of patients' lives. Dr. Wengel will discuss mental health wellness.

Jessie Poskochil, MGC, CGC

Jessie is a licensed and certified genetic counselor at the Munroe-Meyer Institute Department of Genetic Medicine at University of Nebraska Medical Center, focusing on hereditary cancer genetics. She will discuss the role of genetics in cancer diagnoses and treatment.

Provider and patient panelists will also be available to provide insight and answer questions. Learn more and register at NebraskaMed.com/Survivorshipevents.
