

# NM Pediatric COVID Rule out Hematology/Oncology Workflow

Febrile Pediatric Patient

>1 hour from Omaha

<1 hour from Omaha

**If patient is unstable and neutropenic**

- Inform local ED of need for admission
- Call Bed Placement 402-559-2337 for admission to 7UT
- Call 7UT lead 402-552-3530 & notify

- Call 531-557-3502 & establish capability of seeing patient in Treatment Center – schedule
- If unstable or if Treatment Center cannot accept patient, direct to ER 402-559-6637 (Can be NM or CHMC depending on patient)

**If Patient is stable and neutropenic**

- Inform Local ED need to admit
- Call Bed Placement 402-559-2337 for admission to 7UT
- Call 7UT unit: 402-552-3530 & notify of admission for RN staffing
  - If NM does not have beds/staff, call Children's House Supervisor 402-955-7901 for evaluation at CHMC RAC
- Call local ER & begin transfer
- Enter admission orders including COVID testing
- If COVID test resulted and reviewed negative patient to be transferred to Pediatrics. No second test recommended.

**COVID/Respiratory Panel Testing  
Treatment Center**

- Enter orders including COVID testing (Treatment center may help to enter orders)
- Upon arrival Treatment Center will obtain specimen for COVID testing & will initiate any orders
  - Does not meet criteria – discharge home
  - Meets admission criteria – Admit to 7UT
    - Call 402-559-2337 for bed placement
    - If Positive, call 7UT lead 402-552-3530 & notify of admission for RN staffing
    - If Negative, admit to Pediatrics
- Treatment Center receives bed assignment from Bed Placement & transports to designated inpatient unit.

**If Patient is stable and non-neutropenic**

- Contact Local ED to give orders
- Follow accepted non-neutropenic fever guidelines. Request COVID testing (testing to be completed by local hospital guidelines and feasibility)
