

Mammography

Patients are requested to wear loose comfortable clothing for mammography. Patients will be asked to wear a gown for the examination as well. Metallic objects such as jewelry must be removed prior to imaging. Patients are also asked to refrain from using powders, creams or deodorants in the region of the breasts or under the arms.

Women should also inform the technologist if there is any possibility of pregnancy.

In General:

- Please plan on showing up 15 minutes prior to scheduled exam time
- Expect the scan to take approximately 15 to 30 minutes
- Results will be given to the ordering physician's office within 24 hrs
- Results will also be mailed to the address which you provide

Specific examples of common preparations are as follows:

- Please no deodorants, powders or lotions in the region of the breasts or armpits the day of the exam
